Kimseed Multi Seeder

The **Kimseed Multi Seeder** is Ideal for establishing rangeland **pastures simply and cheaply**. This seeder maintains **constant agitation** of seeds of all densities, as well as fertilizers, mulch and manure, to ensure **accurate and even distribution**. It will also sow crop seeds. It is especially designed for fluffy and winged and oddly shaped seeds which will not flow through normal seeders, for example buffel and saltbush seed.

Features:

- Power requirement 15 hp
- Handles seeds of all densities including light fluffy seeds and varying density seed mixes.
- Simple to maintain and operate.
- Seed drum capacity of 500 litres.
- Optional spring harrows for covering seeds if required.
- Width of 4 metres.
- Weight of machine - 350 kg
- Shipping Details - GWT 580 kg
- Crate OD - 5000(L) x 1000(W) x 900(H)
