Kimseed Lightburn Seed Mixer

Specifications

Length = 130cm

Width = 120cm

Height = 130cm

Weight = 100kg

Special seed mixing bowl – not shown

- Barrel shaped for ease of load/unload
 - Approx capacity 50 kg bag of seed
 - Diameter 705mm - Height 610mm
- The bowl is fully seam welded, with reinforced mouth (10mm rod)
 - Durable cast iron crown and pinion gears along with heavy duty roller bearings throughout drive mechanism
 - Rib tread 4" x 8" pneumatic tyres with steel rims. All manufactured steel parts are fully powder coated, pulley guards are made of steel
 - Electric motors have a powder coated steel cover, weather protected on/off switch, and reset switch
 - Adjustable tip stop - allows for 130mm bowl angle adjustment to minimise slop and maximise volume on heavy and light mixes
 - Lifting hook located on top of mixer for ease of lifting when transporting
 - Designed for hand towing, unsuitable for road towing.
 - Electric motor – 550W, 1400rpm, 240V
